Project C.A.S.P. - Weekly Update 4

Ryan Tedeschi, Dylan Carson, Chris Bowlen

February 13, 2017

1 Development Progress

The team was able to begin work on both the Analyze and Translate modules. Dylan constructed pseudocode for the Analyze module, and he is ready to begin development. Chris is currently working on pseudocode for the Translate module, and will be ready for development soon. Ryan is making steady progress on the Control module, and hopes to be ready to implement submodules by next week.

2 Weekly Tasks

The team will continue to work on their individual pieces this week. Ryan will continue to work on the Control module parse functionality. Chris will continue pseudocode on the Translate module, and possibly begin development. Dylan will begin development on the Analyze module.
